

IHS HOLDING LIMITED CORPORATE GOVERNANCE GUIDELINES

(As of 1 November, 2024)

The Board of Directors (the “**Board**”) of IHS Holding Limited (the “**Company**”) has adopted the following Corporate Governance Guidelines (the “**Guidelines**”) to assist the Board in the exercise of its responsibilities and to serve the interests of the Company. These Guidelines should be interpreted in the context of all applicable laws and the Company’s memorandum and articles of association, Shareholders’ Agreement (for so long as it is in effect), and other corporate governance documents. These Guidelines acknowledge the leadership exercised by the Board’s standing committees and their chairs and are intended to serve as a flexible framework within which the Board may conduct its business and not as a set of legally binding obligations. The Guidelines are subject to modification from time to time by the Board as the Board may deem appropriate and in the best interests of the Company or as required by applicable laws and regulations.

I. THE BOARD

A. Size of the Board

The Company’s memorandum and articles of association provides that the number of directors may be fixed from time to time by the Board provided that the minimum number of directors shall be eight (8) and the maximum number of directors shall be twelve (12). The Nominations and Corporate Governance Committee will periodically review the size of the Board, and may make recommendations to the Board regarding the size that is most effective in relation to future operations.

B. Independence of the Board

Except as otherwise permitted by the applicable New York Stock Exchange (“**NYSE**”) rules, the Board will be comprised of a majority of directors who qualify as independent directors (the “**Independent Directors**”) as required under NYSE rules.

C. Lead Director

If the Chair of the Board is a member of management or does not otherwise qualify as independent, the Independent Directors may elect a lead director. The lead director’s responsibilities include, but are not limited to: presiding over all meetings of the Board at which the Chair of the Board is not present, including any executive sessions of the Independent Directors; providing leadership to the Board if circumstances arise in which the role of the Chair of the Board may be, or may be perceived to be, in conflict, and responding to any reported conflicts of interests, arising for any director; acting as the liaison between the Independent Directors and the Chief Executive Officer and Chair of the Board; being available for consultation and direct communication with shareholders, as appropriate; conferring with the Chair of the Board on important Board matters and ensuring the Board focuses on key issues and tasks facing the Company; and presiding over the Board’s annual self-assessment process.

At such times as the Chair of the Board is an Independent Director, the Chair of the Board will serve as lead director. The Board may modify its leadership structure in the future as it deems appropriate.

D. Director Qualification Standards

In evaluating the suitability of individual candidates (both new candidates and current Board members), the Nominations and Corporate Governance Committee, in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, may take into account many factors, including: personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a publicly held company; strong finance experience; relevant social policy concerns; experience relevant to the Company's industry; experience as a board member or executive officer of another publicly held company; relevant academic expertise or other proficiency in an area of the Company's operations; diversity of expertise and experience in substantive matters pertaining to the Company's business relative to other board members; diversity of background and perspective, including, but not limited to, with respect to age, gender, race, place of residence and specialized experience; practical and mature business judgment, including, but not limited to, the ability to make independent analytical inquiries; and any other relevant qualifications, attributes or skills. The Board evaluates each individual in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent shareholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a director for re-election, the Nominations and Corporate Governance Committee may also consider the director's past attendance at meetings and participation in and contributions to the activities of the Board.

E. Director Orientation and Continuing Education

Management will provide an orientation process for new directors, including background material on the Company and its business. As appropriate, management will provide opportunities for additional educational sessions for directors on matters relevant to the Company and its business.

F. No Specific Limitation on Other Board Service

The Board does not believe that its members should be prohibited from serving on boards of other organizations and has not adopted any guidelines limiting such activities. However, the Nominations and Corporate Governance Committee may take into account the nature of and time involved in a director's service on other boards and/or committees in evaluating the suitability of individual director candidates and current directors. Prior to accepting any position on the board of directors of any organization, whether for-profit or not-for-profit, current directors should notify the Chair of the Board and General Counsel of the Company. The General Counsel shall review the proposed board membership to ensure compliance with applicable laws and policies.

Service on other boards and/or committees should be consistent with the Company's conflict of interest policies.

G. Directors Who Resign or Materially Change Their Current Positions With Their Own Company or Become Aware of Circumstances that May Adversely Reflect upon the Director or the Company

When a director, including any director who is currently an officer or employee of the Company, resigns or materially changes his or her position with his or her employer or becomes aware of circumstances that may adversely reflect upon the director or the Company, such director should notify the Nominations and Corporate Governance Committee of such circumstances. The Nominations and Corporate Governance Committee will consider the circumstances, and may in certain cases recommend that the Board request that the director submit his or her resignation from the Board if, for example, continuing service on the Board by the individual is not consistent with the criteria deemed necessary for continuing service on the Board.

H. Term Limits

As each director is periodically subject to election by shareholders, the Board does not believe it is in the best interests of the Company to establish term limits at this time. Additionally, such term limits may cause the Company to lose the contribution of directors who have been able to develop, over a period of time, increasing insight into the Company's business and therefore can provide an increasingly significant contribution to the Board.

I. Director Responsibilities

The business and affairs of the Company will be managed by or under the direction of the Board, including through one or more of its committees as set forth in the memorandum and articles of association and terms of reference for each committee of the Board. Each director is expected to spend the time and effort necessary to properly discharge his or her responsibilities. These include:

- understanding and remaining informed with respect to the business and affairs of the Company;
- overseeing the conduct of the Company's business to evaluate whether the business is being managed properly and in conformity with applicable laws and regulations;
- reviewing and, where appropriate, approving the Company's major financial objectives, plans and actions;
- reviewing and, where appropriate, approving major changes in, and determinations under, these Guidelines, the Company's Code of Conduct and other Board-approved policies of the Company;
- reviewing and, where appropriate, approving actions to be undertaken by the Company that would result in a material change in the financial structure or control of the Company, the acquisition or disposition of any businesses or asset(s) material to the Company or the entry of the Company into any major new line of business;

- overseeing management of the Company’s risks, including, without limitation, oversight of disclosure controls and systems;
- reviewing the performance of the Chief Executive Officer and other executive officers;
- setting a “tone at the top” that emphasizes compliance with the highest standards of ethical conduct; and
- exercising business judgment to act in what they reasonably believe to be the best interests of the Company and to discharge their fiduciary duties.

J. Compensation

The Board believes that director compensation should fairly pay directors for work required in a business of the Company’s size and scope, and that compensation should align directors’ interests with the long-term interests of shareholders. The Company’s independent non-executive directors shall be entitled to such remuneration as determined by the Board on the recommendation of the Remuneration Committee.

K. Conflicts of Interest

Directors are expected to avoid any action, position or interest that conflicts with the interests of the Company or gives the appearance of a conflict. If an actual or potential conflict of interest develops, the director should immediately report all facts regarding the matter to the Board. Any significant conflict must be resolved or the director should resign.

L. Share Ownership

The Company encourages directors to own shares in the Company. However, the number of shares in the Company owned by any director is a personal decision and, at this time, the Board has chosen not to adopt a policy requiring ownership by directors of a minimum number of shares.

M. Interaction with Institutional Investors, the Press and Customers

The Board believes that management speaks for the Company. Each director should refer all inquiries from institutional investors, the press or customers regarding the Company’s operations to management. Individual Board members may, from time to time at the request of management, meet or otherwise communicate with various constituencies that are involved with the Company. If comments from the Board are appropriate, they should, in most circumstances, come from the Chair of the Board, and comply with the procedures outlined in Company’s Policy Statement Guidelines for Corporate Disclosure.

N. Board Access to Senior Management

The Board will have complete access to Company management in order to ensure that directors can ask any questions and receive all information necessary to perform their duties. Directors should exercise judgment to ensure that their contact with management does not distract managers from their jobs or disturb the business operations of the Company.

O. Board Access to Independent Advisors

The Board committees may hire independent advisors as set forth in their applicable terms of reference. The Board as a whole shall have access to such advisors, whether retained by the Company or directly by the Board, that the Board considers necessary to discharge its responsibilities.

P. Board and Committee Self-Evaluation

The Nominations and Corporate Governance Committee will annually oversee an assessment of the Board and its committees.

II. BOARD MEETINGS

A. Frequency of Meetings

The Board will meet at least four (4) times annually. In addition, special meetings may be called from time to time as determined by the needs of the business. It is the responsibility of the directors to attend meetings.

B. Director Attendance

A director is expected to spend the time and effort necessary to properly discharge his or her responsibilities. Accordingly, a director is expected to regularly prepare for and attend meetings of the Board and all committees on which the director sits (including separate meetings of the Independent Directors), with the understanding that, on occasion, a director may be unable to attend a meeting. A director who is unable to attend a meeting is expected to notify the Chair of the Board or the Chair of the appropriate committee in advance of such meeting, and, whenever possible, participate in such meeting via teleconference or other facility whatsoever providing an electronic means of venue for such meeting.

C. Attendance of Non-Directors

The Board encourages the Chair of the Board or of any committee to invite Company management and outside advisors or consultants from time to time to participate in Board and/or committee meetings to (i) provide insight into items being discussed by the Board that involve the manager, advisor or consultant, (ii) make presentations to the Board on matters that involve the manager, advisor or consultant, and (iii) bring managers with high potential into contact with the Board. Attendance of non-directors at Board meetings is at the discretion of the Board.

D. Advance Receipt of Meeting Materials

Information regarding the topics to be considered at a meeting is essential to the Board's understanding of the business and the preparation of the directors for a productive meeting. To the extent feasible, the meeting agenda and any written materials relating to each Board meeting will be distributed to the directors sufficiently in advance of each meeting to allow for meaningful review of such agenda and materials by the directors. Directors are expected to have reviewed and be prepared to discuss all materials distributed in advance of any meeting.

E. Separate Sessions of Independent Directors

The Independent Directors will meet in executive session without non-Independent Directors or management present on a regularly scheduled basis, but no less than twice per year. Each executive session of the Independent Directors will be presided over by the Chair of the Board, if the Chair of the Board qualifies as independent, or by the lead director, if the Chair of the Board does not qualify as independent.

III. COMMITTEE MATTERS

A. Number, Name, Responsibilities and Independence of Committees

The Board currently has four (4) committees: (i) the Audit Committee, (ii) the Remuneration Committee, (iii) the Nominations and Corporate Governance Committee and (iv) the Health, Safety and Environmental Committee. From time to time and depending upon the circumstances, the Board may form a new committee or disband a current committee. Each committee will perform its duties as assigned by the Board in compliance with the Company's memorandum and articles of association and the committee's term of reference. It is the responsibility of the directors to attend the meetings of the committees on which they serve.

B. Appointment and Rotation of Committee Members

Committee members and committee chairs will be appointed by the Board according to criteria set forth in the applicable committee terms of reference and such other criteria that the Board determines to be appropriate in light of the responsibilities of each committee following the recommendation of the Nominations and Corporate Governance Committee. Committee membership and the position of committee chair will not be rotated on a mandatory basis unless the Board determines that rotation is in the best interest of the Company.

IV. SUCCESSION PLANNING

The Board (or a committee delegated by the Board) will work on a periodic basis with the Chief Executive Officer to evaluate the Company's succession plans for the Chief Executive Officer and other executive officers, including an emergency succession plan for the Chief Executive Officer.

V. RISK MANAGEMENT

As provided in the Audit Committee terms of reference, the Audit Committee is responsible for discussing the Company's policies with respect to risk assessment and risk management, including guidelines and policies to govern the process by which the Company's exposure to risk is handled. In accordance with those policies, the Board and the Board committees shall have an active role in overseeing management of the Company's risks. The Board shall regularly review information regarding the Company's credit, liquidity and operations, as well as the risks associated with each. The Company's Remuneration Committee shall be responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Company's Audit Committee shall oversee management of financial risks and cybersecurity risks. The Nominations and Corporate Governance Committee shall manage risks associated with the independence of the Board, potential conflicts of interest. The Company's Health, Safety, Security and Environmental Committee shall oversee environmental, health, safety and security risk-management procedures, as well as environmental, social and governance (ESG) matters and matters related to operational risk. While each committee shall be responsible for evaluating certain risks and overseeing the management of such risks, the entire Board is regularly informed through committee reports about such risks.
