INFORMATION ON THE COMPANY

Information on the Company and the Group

IHS Netherlands Holdco B.V. (the "Company") and its subsidiaries form the "Restricted Group" for the purposes of the \$800 million 9.5% Senior Notes due 2021, issued on 27 October 2016 (the "Holdco Notes"), listed on the Irish Stock Exchange. Each of the Company's subsidiaries is a Guarantor of those notes. The Company and its subsidiaries are hereinafter referred to as the "Group".

The Company was incorporated on 12 May 2016 and shares in the Company were subscribed for by its now immediate parent entity, IHS Netherlands (Interco) Coöperatief U.A., as a result of which the Company became part of the "IHS Group", a group whose ultimate parent Company is IHS Holding Limited ("IHS Holding"), a private company incorporated under the laws of Mauritius.

On 13 May 2016, the Company subscribed for the entire share capital in two special purpose vehicles, IHS Netherlands NG1 B.V. ("NG1") and IHS Netherlands NG2 B.V. ("NG2").

On 15 September 2016, IHS Holding transferred the shares it held (representing 100% ownership¹) in IHS Nigeria Limited ("IHSN") and IHS Towers NG Limited (formerly Helios Towers Nigeria Limited) ("ITNG") to NG1 and NG2 respectively. The Restricted Group for the purposes of the Holdco Notes was thus fully formed on 15 September 2016.

OPERATING AND FINANCIAL REVIEW

Overview

All financial information provided in this 'Operating and financial review' represents the consolidated position of the Group. A glossary of terms used is provided at the end of this document. The functional and presentation currency of the Company is the United States dollar ("USD", "US dollar" or "\$").

The Group is a leading independent telecommunications tower infrastructure owner and operator in Nigeria. Its primary business is leasing tower space for communications equipment to Mobile Network Operators ("MNOs") and other customers, who in turn provide wireless, voice and data services to their end users. The Group provides its customers with opportunities to lease space on existing towers alongside current tenants, known as colocation, or to commission new towers for construction to the customer's specifications, known as build-to-suit ("BTS"). The Group also provides managed services in limited situations, such as maintenance, operations, marketing and leasing services, for certain towers owned by third parties. Services are provided based on long-term contracts with annual contractual escalations. A significant proportion of contracted tenant lease revenues are linked to US dollars.

The Group predominantly serves three of the four main Nigerian mobile network operators. As of 31 March 2019, the Group owned 6,597 towers, with a colocation rate of 1.54x, based on 10,180 tenants.

Highlights for the quarter and year to date

- Q1 revenue increase year-on-year of 22.1%.
- Q1 EBITDA increase year-on-year of 34.8%.
- Q1 EBITDA increase year-on-year of 30.3% on a like-for-like basis excluding the impact of IFRS 16 Leases ('IFRS 16') accounting.
- Added 253 lease amendments and 150 tenants in the quarter.

OPERATING AND FINANCIAL REVIEW (CONTINUED)

Adoption of IFRS 16

The table below removes the accounting impact of IFRS 16 from the Group's financial results, as reported in these interim financial statements for the current quarter, in order to aid a like-for-like comparison of the current period results to the prior year. Please refer to note 2 for a description of the basis of preparation of these accounts and the accounting policy for IFRS 16.

Throughout this 'Operating and Financial Review' the term 'like-for-like' is used to compare 2019 Q1 results excluding the impact of IFRS 16 accounting to the 2018 Q1 results. No other adjustments have been made. Changes in cash flow line items are as a result of changes in presentation within line items; there is no change in underlying cash flows as a result of applying IFRS 16.

Trading results

In Q1 2019 the net increase in number of towers was 73, resulting in a total of 6,597 live owned towers at the end of the period. Tenants increased by 150 in the quarter, resulting in a colocation rate of 1.54x at 31 March 2019. We also added 253 lease amendments during the period.

Revenue

Revenue increased by 22.1% to \$104.1m in the 3 month period ended 31 March 2019 compared to \$85.3m in the 3 month period ended 31 March 2018; underlying Naira revenue increased by 22.6% over the same period. This growth is driven by increases in tenancies and towers.

Costs

Cost of sales increased by 0.8% to \$50.8m in the 3 month period ended 31 March 2019 from \$50.4m in the prior year comparative period. This increase is due to higher power generation costs, higher insurance costs and higher depreciation as a result of depreciation on right of use site leasehold assets. The increase was partially offset lower regulatory permit costs, impairment of property, plant and equipment, repairs and maintenance costs and site rental costs which are now being recognised as depreciation. The majority of the cost for site rental is now being accounted for under IFRS 16 and is therefore recognised through depreciation expense rather than through site rental; this resulted in total reclassified site rent cost of \$2.4m and an increase in depreciation cost of \$1.9m. Short-term lease (<12 months) rentals continue to be recognised as rental expense.

On a like-for-like basis, cost of sales increased by 1.7% from \$50.4m in Q1 2018 to \$51.3m in Q1 2019. This increase is primarily due to increased power generation costs and insurance costs, partially offset by decreases in repairs and maintenance and regulatory permit costs.

Power costs for Q1 2019 increased by 31.3% to \$19.3m compared to \$14.7m in Q1 2018. Underlying Naira diesel costs increased by 20.0% year-on-year and, when translated to their US dollar equivalent, diesel price per litre increased by 19.4% year-on-year. A 10.1% rise in diesel litres consumed chiefly reflects increased power usage from increased towers and newly integrated tenants.

OPERATING AND FINANCIAL REVIEW (CONTINUED)

Trading results (continued)

Costs (continued)

Administrative expenses increased by 12.3% year-on-year, to \$12.3m in Q1 2019 from \$11.0m in Q1 2018. The increase is primarily due to increases in staff costs, increases in repairs and maintenance costs due to one-off building maintenance and an increased impairment of withholding tax assets. These increases are partially offset by decreases in the provision for doubtful debts.

Operating profit

An operating profit of \$45.1m was achieved in Q1 2019 compared to an operating profit of \$27.1m in Q1 2018; an increase of 66.1%. Although cost of sales and administrative expenses have increased as discussed above, the increased revenue exceeded increases in costs and resulted in increased profit from operations.

EBITDA

Q1 2019 EBITDA increased by 34.8% year-on-year, from \$52.1m in Q1 2018 to \$70.2m in Q1 2019, with the EBITDA margin increasing by 6.4pts from 61.1% to 67.5%. The increase in EBITDA is primarily as a result of increased operating profits and the impact of IFRS 16 which, as described in cost of sales above, decreased site rental costs by \$2.4m.

On a like-for-like basis Q1 2019 EBITDA increased by 30.3% year-on-year, from \$52.1m in Q1 2018 to \$67.9m in Q1 2019, with the EBITDA margin increasing by 4.1pts from 61.1% to 65.2%. These increases are due to higher revenues which resulted in increased operating profits as discussed above.

Underlying Naira EBITDA increased by 35.4% to ₦25.43 billion in Q1 2019 compared to ₦18.77 billion in Q1 2018, and on a like-for-like basis, by 30.9% to ₦24.57 billion in Q1 2019 compared to ₦18.77 billion in Q1 2018.

Net financing costs

In Q1 2019 the year-on-year financing costs decreased by \$12.2m largely due to net foreign exchange gains from financing of \$14.7m in Q1 2019 as compared to net losses in Q1 2018 of \$0.3m. The foreign exchange gains in Q1 2019 result from foreign exchange valuations on US dollar loans held by the Nigerian subsidiaries, owing to the movement in the Naira/US dollar exchange rate which moved from 364.5 at 31 December 2018 to 360.68 at 31 March 2019. Interest income on bank deposits increased \$0.6m year-on-year on increased deposit levels and is offset by foreign exchange losses on non-deliverable forward instruments which increased by \$0.6m year-on-year.

The net foreign exchange gains are partially offset by a year-on-year increase of \$1.5m in loan interest which is primarily due to the unwinding of the effective interest rate on the partial extinguishment of the related party loan in Q1 2019. This is partially offset by lower interest rates on the NGN credit facility due to lower NIBOR rates and outstanding principal, as compared to Q1 2018. The addition of interest expense on lease liabilities increases the year-on-year net finance cost by \$1.0m.

On a like-for-like basis, year-on-year net financing cost in Q1 2019 decreased by 36.3% from \$36.4m in Q1 2018 to \$23.2m in Q1 2019.

Taxation

The tax expense for Q1 2019 was \$5.8m compared to \$1.1m in Q1 2018 and is comprised of corporation tax and education tax in both periods. ITNG has assessed losses which offset most, but not all, taxable income generated in the period. The income tax charge for the 3 month period ended 31 March 2019 includes a small income tax charge for IHS Netherlands Holdco B.V. but the bulk is on taxable trading in ITNG and IHSN. Tax charges assessed in the period, were partially offset by assessed losses, with the remaining charge being largely settled through the use of withholding tax certificates.

IHSN has no remaining assessed losses and this led to both a current and education tax charge in Q1 2019 totalling \$5.6m in this entity; the current income tax charges will be settled through the use of withholding tax certificates.

Aggregate deferred tax liabilities relating to property, plant and equipment and intangible assets have decreased in Q1 2019 and the impact of the decrease has been offset by the de-recognition of deferred tax assets raised in respect of provisions, unrealised foreign exchange losses and unutilised capital allowances, up to the level of the deferred tax liabilities. Tax losses, for which no deferred tax assets had previously been recognised, have also been utilised in the period, particularly capital allowances and assessed losses which were brought forward from the prior year. Deferred tax liabilities in respect of the fair valuation of the derivatives embedded within the terms of the Holdco Notes have increased following the change in the derivatives value (see note 14). Deferred tax assets are recognised to the extent they do not exceed the sum of deferred tax liabilities.

Cash flows and funding

Net change in cash position

Cash and cash equivalents increased by \$11.5m in the 3 months to 31 March 2019 mainly due to increased operating cash flows, partially offset by financing cash flows. As at 31 March 2019 we had \$195.0m (31 December 2018: \$183.5m) of cash and cash equivalents of which \$117.3m (31 December 2018: \$132.2m) was held in US dollars.

OPERATING AND FINANCIAL REVIEW (CONTINUED)

Cash flows and funding (continued)

Changes in cash from operations, financing and investment

Net cash inflows from operating activities totalled \$57.9m in the 3 month period ended 31 March 2019 compared to net cash outflows of \$0.1m in the 3 month period ended 31 March 2018. The primary drivers of this increase are the increased operating profits as described above and decreases in cash outflows from working capital which are \$37.2m lower than in the prior year. The reclassification of \$6.4m of payments for long term rent from cash flows from operations to cash flows from investing activities, as a result of IFRS 16, further increases cash flows from operating activities in the period.

Net cash used in investing activities decreased from \$14.3m in Q1 2018 to \$6.1m in Q1 2019. The decrease is primarily driven by lower payments made for property, plant and equipment (including advance payments) of \$7.9m in the period compared to \$16.1m in the comparative period. The higher cash outflows in Q1 2018 were mainly comprised of advance payments for property, plant and equipment in anticipation of increased BTS activity which occurred in H2 2018.

For Q1 2019 net outflows from financing are \$40.9m compared to an outflow of \$6.1m in Q1 2018. The increase in cash outflows is due to \$5.4m in principal repayments for the NGN credit facility and principal repayments on loans from related parties of \$25.0m, partially offset by a decrease in interest paid on the NGN credit facility of \$2.2m. The reclassification of \$6.4m of payments for long term rent from cash flows from operations to cash flows from investing activities, as a result of IFRS 16, further increases cash outflows from financing activities in the period.

On a like-for-like basis, cash outflows from financing activities in Q1 2019 amount to \$34.5m.

Indebtedness

At 31 March 2019, the book value of total outstanding loans and borrowings were \$1.6bn (31 December 2018: \$1.6bn), of which \$683.4m (31 December 2018: \$693.1m) is in the form of subordinated shareholder loans from the Company's ultimate parent entity (with a principal value of \$841.3m (31 December 2018: \$866.3m)).

Loans and borrowings includes an aggregate principal amount of \$13.065 million Senior Notes issued by IHS Towers Netherlands FinCo NG B.V. that is due for repayment at maturity on 15 July 2019. As a Group, we continuously review our funding and maturity profile, and monitor the global bond markets for potential refinancing opportunities. At this stage, no firm decision has been made in relation to refinancing the 2021 Senior Notes

For more information on borrowings, see note 15.

At 31 March 2019, following the application of IFRS 16 from 1 January 2019, lease liabilities arising on land leases total \$27.1m.

For more information on lease liabilities, see note 16.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. GENERAL INFORMATION

IHS Netherlands Holdco B.V. is a private Company with limited liability incorporated under the laws of the Netherlands on 12 May 2016.

The Company owns 100% of the shares in IHS Netherlands NG1 B.V. and IHS Netherlands NG2 B.V., who in turn own 100%² of the shares in IHS Nigeria Limited and IHS Towers NG Limited respectively. IHS Netherlands Holdco B.V. therefore indirectly owns 100% of IHS Nigeria Limited and IHS Towers NG Limited, the two main operating subsidiaries of the Company.

These unaudited consolidated financial statements ("financial statements") as at and for the three months and year ended 31 March 2019 comprise the Company and its subsidiaries (together referred to as the "Group"). They include the consolidated statement of comprehensive income, the consolidated statement of financial position, the consolidated statement of cash flows, and the accompanying selected notes.

The Group is principally involved in the managing and leasing of telecommunications infrastructure to telecommunications and other service providers.

2. BASIS OF PREPARATION

These unaudited consolidated financial statements ("financial statements") do not constitute statutory accounts. These financial statements include the consolidated financial information of IHSN, ITNG, NG1, NG2 and the Company.

The principal accounting policies applied in the preparation of these financial statements are consistent with those of the Group's consolidated financial statements for the period ended 31 December 2018. The disclosures made in these financial statements are not complete disclosures as required by International Financial Reporting Standards "IFRS" (IAS 34).

The preparation of the unaudited consolidated financial statements requires management to make estimates and assumptions that affect the reported numbers. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

2.1 FUNCTIONAL AND PRESENTATION CURRENCY

The functional and presentation currency of the Company is the US dollar. Unless otherwise indicated, financial information presented in US dollar has been rounded to the nearest thousand.

The functional currency for IHS Nigeria Limited and IHS Towers NG Limited is Nigerian Naira ("N" or "NGN"). The financial statements were translated to US dollar (the reporting currency) with reference to the NAFEX (Nigerian Autonomous Foreign Exchange Rate Fixing) window rate at ₦360.68 (2018: ₦364.50) per US dollar for the consolidated statements of financial position, and monthly average rates ranging from ₦360.50 to ₦363.82 per US dollar (2018: ₦360.25 to ₦360.36) for the consolidated statements of comprehensive income and consolidated statements of cash flows.

2.2 ADOPTION OF IFRS 16

IFRS 16 was issued in January 2016 and it replaces IAS 17 Leases, IFRIC 4 Determining whether an Arrangement contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. Under IFRS 16, lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from IAS 17. For lessees however, the standard provides a single lessee accounting model requiring lessees to recognise assets and liabilities for all leases which will result in a 'right of use' asset for the leased item and a financial liability to pay related rentals. The only exceptions are short-term and low-value leases.

As a lessor, the Group has revenue contracts with customers that contain an operating lease component for colocation revenues. Given that lessor accounting under IFRS 16 is largely unchanged the Group did not have an accounting impact on its revenue from contracts with customers on implementing IFRS 16.

As a lessee, the Group's leases primarily comprise real estate leases. The significant majority of these are site land leases for our tower sites but the Group also holds a small number of office space leases and warehouse leases. These leases were classified as operating leases under IAS 17.

The Group applied IFRS 16 from 1 January 2019 using the modified retrospective approach which requires the recognition of the cumulative effect of initially applying IFRS 16, as of 1 January 2019, to retained earnings and not to restate prior years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

2 BASIS OF PREPARATION (CONTINUED)

2.2 ADOPTION OF IFRS 16 (continued)

The Group has elected not to recognize right-of-use assets and lease liabilities for short-term leases (i.e. < 12 months) and leases of low-value assets (i.e. < US\$5,000).

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using a relevant incremental borrowing rate (based on the related risks and the lease term) at the start of the contract.

2.3 APPROVAL

These consolidated financial statements were authorised and approved for issue on 23 May 2019.

3. REVENUE

The Group's revenue accrues primarily from providing telecommunication support services. The Group provides services in respect of telecommunication towers ranging from infrastructure sharing and leasing (colocation) and managed services. For the sale of colocation and managed services, revenue is recognised in the accounting period in which the services are rendered.

IHSN and ITNG have assessed losses which partially offset taxable income generated in the current period. There are also unutilised capital allowances which allow a partial offset of the remaining taxable income. IHSN has utilised its remaining assessed losses and this led to a current and education tax charge in Q1 2019 totalling \$5.6m; the current income tax charge will be settled through the use of withholding tax certificates.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

10. TAXATION (CONTINUED)

The income tax expense for the current period includes a small income tax charge for IHS Netherlands Holdco B.V. and charges for current income tax and education tax for ITNG, in so far as this is related to its subsidiary, Tower Infrastructure Company Limited (TICL), which does not have assessed losses or withholding tax credits which it can offset against taxable income.

Larger income tax charges for ITNG and IHSN were partially offset by assessed losses in ITNG and by brought forward unutilised capital allowances in IHSN, with the remaining income tax charge being mostly settled through the use of withholding tax certificates.

The education tax charge represents a 2% charge on the taxable profits of IHSN and ITNG, before the application of any assessed losses brought forward. Deferred tax assets continue to exceed liabilities and to be recognised to the level of deferred tax liabilities, yielding nil deferred tax expense or income for the period.

The embedded derivatives at 31 March 2019 represent the fair value of the put and call options embedded within the terms of the Holdco Notes. The call options give the Group the right to redeem the bond instruments at a date prior to the maturity date (27 October 2021), in certain circumstances and at a premium over the initial notional amount.

The put option provides the holders with the right (and the Group with an obligation) to settle the Holdco Notes before their redemption date in the event of a change in control (as defined in the terms of the IHS Notes, which also includes a major asset sale), and at a premium over the initial notional amount.

As at reporting date, the Holdco Notes call option had a fair value of \$11.77 million (asset) (December 2018: \$8.55 million (asset)) while the Holdco Notes put option had a fair value of \$1.54 million (liability) (December 2018: \$1.63 million (liability)), net \$10.23 million (asset) (December 2018: net \$6.92 million (asset)).

The non-deliverable forward exchange contracts (NDFs) give IHS the right to purchase US dollars at a future date at an agreed fixed exchange rate; these are measured at fair value. As at the reporting date the Group had NDF liabilities carried at \$1.00 million (liabilities) (December 2018: \$0.31 million liabilities)).

Bank borrowings

Bank borrowings are a Naira credit facility (the "NGN Credit Facility") of an original ₦32.9 billion held by IHSN provided by a consortium of lenders. The NGN Credit Facility has a five-year term. The facility was issued at Nibor plus a 2.5% margin and is due to be repaid in full by 2021 (December 2018: 2021).

As at 31 March 2019, principal repayments totalling ₦5.9 billion (\$16.4m) were made against the NGN Credit Facility, decreasing the facility value and outstanding principal amount to ₦27.0 billion. The facility was fully drawn at 31 March 2019 and 31 December 2018.

Bond borrowings

IHS Netherlands Holdco B.V.

IHS Netherlands Holdco B.V. issued \$800 million 9.5% Senior Notes due 2021 (the "Holdco Notes") under a Senior Notes Indenture dated 27 October 2016 between the Issuer (IHS Netherlands Holdco B.V.), the Guarantors (each of IHS Netherlands NG1 B.V., IHSN, IHS Netherlands NG2 B.V., ITNG, Tower Infrastructure Company Limited and IHS Towers Netherlands FinCo NG B.V.), the Trustee (Citibank N.A., London branch), the Principal Paying Agent and Transfer Agent (Citibank N.A., London branch) and the Registrar (Citibank N.A., London branch). The Notes are listed on the Irish Stock Exchange.

The Holdco Notes have a tenor of five years from the date of issue, interest is payable semi-annually in arrear and the principal is repayable in full on maturity.

The Holdco Notes have early redemption features whereby IHS Netherlands Holdco B.V. has the right to redeem the Holdco Notes before the maturity date, and the holders hold a right to request the early settlement of the Holdco Notes, in certain circumstances. The values of the respective call and put options are disclosed in note 14.

IHS Towers Netherlands FinCo NG B.V.

Of the original \$250 million 8.375% Guaranteed Senior Notes due 2019 (the "FinCo Notes") issued by IHS Towers Netherlands FinCo NG B.V., an aggregate principal amount of \$13.065 million remains outstanding and continues to accrue interest at an annual interest rate of 8.375% payable semi-annually in arrear on 15 January and 15 July. The principal is repayable at the maturity date (15 July 2019).

Related party loans

As at 31 March 2019, the Group had loans with principal value of \$841.3 million (31 December 2018: \$866.3 million) from IHS Holding Limited.

20. CONTINGENT LIABILITIES AND CAPITAL COMMITMENTS

The Group had contractual, non-cancellable capital commitments of \$48.9m for full turnkey site build and upgrade of existing sites as at 31 March 2019.

The Group has contingent liabilities in respect of legal claims arising in the ordinary course of business. The Group reviews these matters in consultation with internal and external legal counsel to determine on a case by case basis whether a loss from each of these matters is probable, possible or remote.

The Group's contingent liabilities in respect of litigations and claims amounted to \$2.6m at the end of the reporting period. Based on legal advice received, the Group's liability is not likely to crystallise, thus no provisions have been made in these financial statements.

21. EVENTS AFTER THE REPORTING PERIOD

There were no disclosable events after the reporting period.

NON-IFRS MEASURES AND GLOSSARY

EBITDA, EBITDA margin and other non-IFRS financial measures are used by Group management to monitor the underlying performance of the business and the operations. In addition, the presentation of these measures is not intended to and does not comply with the reporting requirements of any regulatory authority and will not be subject to review by a regulatory authority; compliance with such requirements may require us to make changes to the presentation of this information.

Capital expenditure (“Capex”): Any expenditure which would be treated as capital expenditure in the financial statements in accordance with applicable accounting principles including advance payments for capital expenditure and excluding any non-cash expenditure.

EBITDA: Profit or loss for the period excluding the impact of finance income, finance cost, fair value through profit or loss, depreciation and amortisation, and provision for or benefit from taxes, less other income, plus other expenditures that are sufficiently large and unusual as to distort comparisons from one period to the next. EBITDA is an indicator of the financial performance of our core business. EBITDA is a component of the calculation that has been used by our lenders to determine compliance with certain covenants under our debt facilities. EBITDA is not intended to be an alternative measure of operating income or gross profit margin as determined in accordance with IFRS.

EBITDA margin: EBITDA divided by revenue, expressed as a percentage.

Group: IHS Netherlands Holdco B.V. and each of its direct and indirect subsidiaries.

Consolidated Leverage: Aggregate outstanding indebtedness on a consolidated basis (excluding subordinated shareholder debt), calculated with operating leases treated in accordance with IFRS effective at the time of issuance of the 2021 Senior Notes.

L2QA EBITDA: EBITDA for the last two quarters on an annualised basis.

Consolidated Leverage Ratio: Ratio of Consolidated Leverage to L2QA EBITDA, calculated with operating leases treated in accordance with IFRS effective at the time of issuance of the 2021 Senior Notes.

Towers: Refers to ground-based towers, in-building solutions, rooftop and wall-mounted towers and cells-on-wheels, each of which are constructed to support wireless transmission equipment. We measure the number of towers in our portfolio at a given time by counting the number of towers that we own or operate with at least one tenant. The number of towers in our portfolio excludes towers for which we provide managed services.

Tenants: Refers to the number of distinct customers that have leased space on each tower that we own across our portfolio.

Colocation Rate: Refers to the average number of tenants per tower that is owned or operated across a tower portfolio at a given point in time, excluding managed services.

Lease Amendments: Refers to the installation of additional equipment on a site or the provision of ancillary services for an existing tenant.
